**IN GOWRAN PARK COMPLEX
ON FRIDAY NOVEMBER 29TH @8P.M.**

YOUNG IRELANDS GAA

A Chara,

As Chairperson of Young Irelands GAA Club it gives me great pleasure to extend an invitation to the Launch of our Club Development Programme.

Young Irelands GAA & Camogie Club have always been central to providing sport and recreational facilities for our local community. The clubs currently fields teams of all age groups in hurling, football & camogie from its membership base of 350 adults and over 200 juvenile players.

While our current grounds have served us well they are unable to cater for the current requirements of the clubs.

Our vision is to develop a GAA facility in the heart of our parish that we all can be immensely proud of, a facility that will provide a platform into the future for our growing player base. In this respect the club has embarked on a development programme incorporating

**Purchase of new grounds at Castlellis (adjacent to Primary School)
Development of 2 new pitches
New Clubhouse Development
Hurling Wall and all weather area
Community perimeter walkway**

This represents the greatest financial investment undertaken by Young Irelands GAA Club in its 61 year history. I believe there is a huge appetite in the local community for this development and I would urge each and everyone of you to give it your support.

I sincerely hope you can join us on the night to hear more details of these plans.

Is mise le meas
